विधायक, बक्सर, बिहार विधान सभा

Overview

Since assuming office in November 2025, Buxar MLA Shri Anand Mishra has made youth employment and economic self-reliance a defining priority of his tenure. Anchoring three successful Rojgar Melas across the constituency and integrating the Bihar government's **'Niyojak Aapke Dwar'** policy, he has worked to close the gap between local talent and corporate opportunity , bringing recruiters directly into Buxar rather than requiring youth to travel elsewhere in search of work.

The 11 September 2026 Drive

The most recent Rojgar Mela, held on 11 September 2026, was the initiative's strongest showing yet. Twenty-two private-sector companies took part, together offering more than 1,000 job openings .The response from local youth matched that scale: 742 applicants appeared for the drive, of whom 387 were shortlisted. Several employers, including SIS, issued instant spot-offer letters on-site, turning same-day interviews directly into job offers.

The MLA's approach reaches beyond immediate placements. Twenty-one youths received targeted career counseling through Government ITI platforms, guiding them toward structured, longer-term skill pathways, while local startups were given free promotional storefronts at the event, a deliberate step toward building Buxar's own entrepreneurial ecosystem alongside formal employment.

In his Own words

“नौकरी की शुरुआत में युवा कार्य-कुशलता एवं प्रशिक्षण पर विशेष ध्यान दें। युवा अपने करियर विकल्पों को सीमित न रखें तथा अपनी रुचि एवं क्षमता के अनुरूप विभिन्न क्षेत्रों में उपलब्ध रोज़गार के अवसरों का लाभ उठाएं।

प्रतिभा और अवसरों के पंख आपको राज्य, देश या दुनिया के किसी भी छोर तक ले जाएं, लेकिन आपकी जड़ों का जुड़ाव हमेशा मातृभूमि की सेवा से होना चाहिए।”

Rojgar Mela Performance - Since November 2025

S.No	Year	Date of Rojgar Mela	Resumes Collected	Youths Selected	Selection Rate
1	2026	25.02.2026	746	220	29.50%
2	2026	22.07.2026	1275	540	42.40%
3	2026	11.09.2026	742	387	52.20%
		TOTAL	2763	1147	41.50%

Across the three drives, Buxar has seen **2,763 resumes collected** and **1,147 youths selected**, with the selection rate climbing steadily from 29.5% at the first mela to **52.2%** at the most recent, a sign of an increasingly effective, better-targeted placement process.
